

NatPower for ZAMBIA

NatPower will participate in the **Elephant Charge** for the third consecutive time.

The Elephant Charge is an **annual off-road challenge aimed at raising funds** to support wildlife and environmental conservation in Zambia. The event focuses on educating and teaching local children and communities for the benefit of future generations.

Over **the past 15 years**, the competition has raised **more than \$1,600,000**, which has been used **to support various projects** related to schooling and environmental education.
